Computer Vision & Cognitive Systems

Vegliante Amerigo

Prof. Ballan Lamberto

2026/2027

Index

1. Machine Learning Basics 1
2. Introduction 2
3. Image Filtering and Edges 3
4. Convolution 4
5. Keypoints and Local Visual Features 5
6. Bag of Visual Words 6
7. Convolutional Neural Networks 7
8. Object Detection and Segmentation 8
9. Predictive Vision 9
10. 3D Vision-Language Models 10
11. Embodied AI and Visual Navigation 11

1. Machine Learning Basics

2. Introduction

3. Image Filtering and Edges

4. Convolution

5. Keypoints and Local Visual Features

6. Bag of Visual Words

7. Convolutional Neural Networks

8. Object Detection and Segmentation

9. Predictive Vision

10. 3D Vision-Language Models

11. Embodied AI and Visual Navigation
